

Telstra Mobile Broadband Plans

Please Note, all data is considered accurate at the time of this documents publishing and is subject to change, therefore it is recommended that you contact or visit each individual provider's website to obtain the most Up to data information. Produced for the Better Internet for Rural, Remote and Regional Australia action and support network

TELSTRA.

Telstra operates Australia's largest mobile network. Covering 99.3% of the Australian population with 3G and 97% of the population with 4GLTE.

Telstra has two Wireless Broadband offerings, classic Mobile Broadband, and a New product called Home Wireless Broadband:

Telstra Mobile Broadband:

These plans include 10gb of Telstra Air Data (Unlimited until the 30th of September 2016). To use Telstra Air, simply locate a Hotspot called Telstra Air, which are typically Telstra payphones with a Wi-Fi logo or some Telstra stores, then log in to the hotpot using your Telstra Account Login.

If you exceed your plans included data allowance, you will be charged \$10 per gb, which is billed in 1gb blocks.

Available on BYO with your own device.*
